

*Innovate... Invest... Deliver.*

## **We'd rather roll up our sleeves than wish on a shining star.**

Lucky for us we believe in hard work. We're not wishing on a star to make our dreams come true.

We're building one of North America's premier natural gas infrastructure companies by thinking boldly... planning wisely... and working hard. We value our communities and environment, and we're devoted to reducing our impact and protecting our natural resources. And, we're expanding our network of pipelines to meet the energy needs of tomorrow.

Hard work that delivers. Lucky for you.
